Send Us Your Comments

Aras Corporation welcomes your comments and suggestions on the quality and usefulness of this document. Your input is an important part of the information used for future revisions.

- Did you find any errors?
- Is the information clearly presented?
- Do you need more information? If so, where and what level of detail?
- Are the examples correct? Do you need more examples?
- What features did you like most?

If you find any errors or have any other suggestions for improvement, indicate the document title, and the chapter, section, and page number (if available).

You can send comments to us in the following ways:

1 Client Configuration

Specific settings for Microsoft Edge are recommended for use with Aras Innovator and are outlined in this document. These settings are based on the current documentation provided by Microsoft and may be subject to change at any time by Microsoft. Aras is not responsible for Microsoft Edge, so any further questions on its use or issues arising from the usage of Microsoft Edge should be directed to Microsoft.

1.1 Installed Software

This release of Aras Innovator requires the Edge browser installed on one of the following Windows versions:

- 10
- 11

1.2 Required Settings

Administrative rights may be needed to perform the instructions outlined below. These settings are required and recommended to enhance the user workflow.

1.2.1 Disable Pop-Up Blocker

The following steps outline the process to disable the Microsoft Edge Pop-Up Blocker:

1. Open **Microsoft Edge** and navigate to **Settings**.
2. Click **Cookies and Site Permissions**.
3. Select **Pop-ups and redirects** and toggle to **Off**.
4. Restart Microsoft Edge before attempting to load the login screen of Aras Innovator.

1.2.2 Enable Browser Caching

The following steps outline the process to enable browser caching in Microsoft Edge:

1. Open **Microsoft Edge** and navigate to **Configuration, System, Optimization, Services**.
2. Click **Edge Cache Restart**.
3. In the **HTTPS Caching** section, select **Enable caching of HTTPS content**.
4. Restart Microsoft Edge before attempting to load the login screen of Aras Innovator.

1.3 Aras PDF Viewer

Aras PDF Viewer is a feature included in Aras Innovator to display PDF documents as part of the Visual Collaboration feature. The technology used to make the feature display PDFs is browser specific. Users may experience differences in behavior when loading PDF files in Edge vs Chrome or Firefox. While all browsers provide the same functionality, users' experience will be slightly different.
